Welcome to our little slice of history, nestled on the banks of the Thames, overlooking Putney bridge. The Duke's Head has been serving pints for over 200 years. The current pub dates from 1864, and we have the history to prove it. .

The pub, once known as the very start of London, in it's early days was a coaching house, with stables underneath and all manner of person within! Not too much has changed since it was built in 1864, you can still see many of the original features!

Our long history is entwined with the rowing community, which kicked off properly in 1926 with Putney Rowing Club starting to house their boats in our cellar. We have also been the starting point of the oxford v cambridge boat race since the 1800s.

When the rowers moved out, we thought it best to keep the basement pretty exciting, installing a skittles alley, which kept the residents of putney entertained for numerous years!

After being lovingly taken under the wing of Youngs brewery in 2006, the pub has grown from strength to strength since. Why not join us for the next chapter of our history?
